THAN ANY OTHER CAR IN THE LOW-PRICE 3! HERE'S WHY-

Because Plymouth is the biggest car in the low-price 3, and also has the newest styling, you'll see more glamor outside, more luxury inside, when you inspect this great new car. And when you step inside you'll find more comfort, too, because Plymouth is the roomiest car of the low-price 3. The glamorous new Full-View windshield gives you the greatest visibility of all low-price cars, because it's swept back at the sides. Now, for the greatest thrill of all, take the

thriftiest, smoothest six of "all 3," the high-compression PowerFlow 117, or the new 167hp Hy-Fire, most powerful standard V-8, leaps to action at the turn of the key. On the road, you'll enjoy the smoothest ride-the steady, even ride only a truly hig car, like Plymouth, can give you. These are a few of the reasons why value wise buyers are choosing the big, beautiful Plymouth when they look at "all 3" this year. But why not see for yourself? See and drive
